# Storm Informer

The Quarterly Laser Storm Membership Newsletter

## ALL KINDS OF NEW STUFF

Laser Storm keeps it coming with new things all the time. Mostly to keep the members occupied. Without our members, we wouldn't be the most active LS in the nation for tournament and league play.

The first Regional tournament of the season was held here at the end of October. Some players shuffled themselves around to different teams, and we even had one ALL NEW team.

The Fall League season was over November 16th, and the sign up sheet for the next season is already over half full. Don't miss your opportunity to learn how these members get so good at laser tag. (HINT: play leagues!) There is no other way to get to the tournament level of play. Training and practice is the best method, and leagues is the best place for it.

Since the last newsletter went out, our arcade has been upgraded with the addition of Soul Calibur 3! This new edition has a "Legend" mode that can only be found in the arcade, not in the home version. A tournament will be held near the end of January. Flyers will be posted in the store once the details have been decided, and a date is set.

## NEW MEMBERS!

Memberships are just as popular as they were when we first introduced them back in 1998. It's also one of our prices that has never been increased. In keeping the members a top priority, we've managed to let the value of our memberships increase while the price itself does not! Don't forget you can customize your membership card. Ask for details from one of our management staff!

# REGIONAL OPENER '06/'07

The season opened gloriously, with Pittsburgh taking first (just like in nationals) and with the addition of two teams of all new tournament players. Some of these players never even played leagues before, so they really didn't have any idea what they were getting themselves into. The arena could not be changed unfortunately, due to the fact we were in the middle of the league season. So we played on the same arena that the 2006 National Tournament was played on.

The former teams "Hurricane" and "Pregnant Seahorse" combined to form the new team "Banana Factory". No one knows if they will remain together for the next tournament, but they did take 3rd. The remaining players combined to form the team "Dragon's Fire". The newest players, team "Boo Radley", tried as new teams always do, and walked away with a good learning experience, but no wins.

"Jester's Court", being our toughest competition other than ourselves, was present as always and took 2nd place. It wasn't easy for them. "Banana Factory" and "Dragon's Fire" both played very competitively and could have upset our Ohio rivals.

In the end "Dump Truck" and "Jester's Court" met up to decide who the winner is. This is typical for these two teams. In the end Pittsburgh's "Dump Truck" was the winner of this season's first tournament. The next will be sometime at the end of January.

# LEAGUES

The first week of leagues was amazing. Each team had one win, and one loss in the standings. It looked like this was going to be yet another amazing season of evenly matched teams. Very few players dropped out, and everyone made it to their games on time almost every week. Now that we've opened the door for new captains to be selected, it's hard to predict who will be chosen next.

## PLAYOFFS

## NEW ARENA!!

Searching through all submissions since before the National Tournament, we came up with a few ideas for our next design. The arena was set up on Dec 28th and will remain up until the end of the next league season. We encourage all of our members to go on the website and print out your own arena design template. Draw it, and bring it in! Your arena could be the next one that we build! All designs are accepted from all ages. Be creative!
