December Member's Event!

We had an excellent turnout of 25 members, new and old, for our latest Member's Event. What began as a two-hour event was expanded to an epic three hours of tag since we had over 20 players.

We played games ranging from ultra-high scoring, Total Annihilation games with the winners being the last team standing. Seeing the scoreboard display a score well over 1000 points is rarely seen unless playing this scenario. Then playing games throughout the whole building makes your creativity go into hyper-speed. For example, banking shots off the glass windows, hiding behind the Cyclone or just trying to take on the whole team by yourself made all of the games very unique.

The scoring of some games was very close even though teams consisted of new members and veterans. With all of the different playing styles and rules that were put in place, only one player ended up breaking one single rule. Although she did break that rule twice.

A huge thanks to all those who participated! If you plan on playing or can't decide to play one, ask one of the players who have played a member's event. They will tell you how much fun it is! **The next members event is scheduled for March 1st!!!!!!**

New arena set up

The next arena design has been chosen and built. Come check it out! Bring all your friends to play the newly changed arena with the long base run. Battle your way all the way to the base to complete your goal!

As with all new designs, if you have any suggestions, let us know. We will be glad to consider them for the current design or the next design.

Remember, if you would like to design your own arena for us to build, go to www.laserstorm.org/pitt/images/gridmap.gif. Bring your design to the store or email to info@laserstorm.org.

Regional Season UPDATE

The regional tournaments are resuming now that all the holiday craziness is over. The first tournament will be held at XLS on January 26th. If you plan on playing this tournament, you better hurry to form your team! Also teams will be wanting to practice as well. Great times to practice is either Tuesdays or Thursdays during FTYT.

The February tournament will be held in Ohio. The date still has to be determined. For the players who do not make it to either of these tournaments, your very own, LSP will be hosting the one in March.

Best of luck to the players playing these the highly competitive tournaments!

League information

This season's double elimination playoff was ultra competitive; the close scores and rematches prove it. 'Hot Pow!' forced 'Boom Stick' into the seventh game of the tournament, where the two teams faced off for their third overall match-up in the playoffs alone. Ultimately, 'Boom Stick' won the last game by a single point! Congratulations guys, and especially to "Chuck" who became the youngest player to win a leagues championship in LSP history!
